

Ownership at Ocean Club has its privileges.

Ownership at the Ocean Club at White Point comes with an impressive list of benefits, amenities, rewards and choices. The OC Privilege program is just one more way that we distinguish the Ocean Club at White Point from other second home destinations. The Program also extends to family and friends you choose to share your White Point beach house. These added values increase the appeal to those who select your beach house as a vacation rental.

1. Your ownership program includes full access to all of the facilities, services and programs of White Point Beach Resort – all just a telephone call away. These services could include housekeeping, daily linen changes, in and outside maintenance items, food and beverage, and room service. Let Chef Alan and Sommelier Dan prepare some wine pairing menus for your next stay at Ocean Club.
2. Your ownership entitles you to discounts on services offered within the White Point group of companies. Receive up to 40% off Resort reservations for visiting family and friends. You will quickly become part of the extended White Point family. The staff will know you, your favourite table, and how you like your steak done.
3. Your ownership includes Ocean Club Concierge Services for preferred arrangements such as dinner reservations, tee times, spa appointments and travel. Travel arrangements, local shopping, beach house barbecues and lobster boils are also part of program. Dry cleaning, prescription pickups and requests at the local Nova Scotia Liquor Commission and food shopping are part of the service. You may never have to leave.
4. When you are not using your beach house, you can opt to include it in the White Point Rental Pool. Your income from the Pool will contribute to operating costs and mortgage payments year round. Select your own preferred dates and leave the balance in resort inventory. Last minute reservations for friends and family can be accommodated depending on availability.
5. You can exchange weeks in your Ocean Club home for weeks in premium vacation destinations worldwide. Trade, rent or exchange your beach house for a week, or longer in sun destinations, Europe, the Pacific Rim and American holiday resorts.

A beach house at Ocean Club at White Point could be the second home address you've been searching for. It's a natural choice. You not only deserve the lifestyle choices and seaside community that come with your White Point address – you've earned this luxury. And don't worry, you can still call us when you're feeling out of sorts back home.
